CURRENT AVERAGE 7 CGPA

Skills

- Competitive Programming
- UI/UX
- Full Stack Development
- Javascript
- Node.js
- Express.js
- React.js
- APIs

Projects

- Signatory**
It's a project related to books and their word notes. In this we make a note of most and least used words, no of total words, important phrases and sentences etc from that particular selected book.
- Portfolio**
I tried to create my portfolio unique and simple as possible using React.js.
- Netflix clone (on going)**
I am trying to build a clone version of Netflix streaming app. Because movies and their platform have always excited me.
